ORCHARD'S STORY IS ASSAILED

Defense Claims He Was Taking Money From The Detectives

[Associated Dailies Telegram]

Boise, Idaho, June 8—Richardson resumed the cross examination of Orchard today by beginning at Western Federation miners' headquarters in Denver.

Orchard said he went by the names of Orchard, Dempsey and Hogan in Denver. He said Pettibone and Haywood told him to get Peabody. After stalking Peabody a week he went to Cripple Creek to get Steve Adams to help assassinate the governor He knew that Adams lay in jail 83 days for blowing up the Vindicator mine while he himself was guilty. Orchard denied talking with O'Neil, editor of the Miners Magazine, about Peabody. Richardson has a transcript of the statements of witnesses and is going minutely into details concurring everything brought out by state. Orchard declared the guns for killing Peabody were furnished by Pettibone

He followed the hack one night in which he thought Peabody was riding Three women got out. He became frightened, abandoned shot gun ructe and decided to use a bomb on Peabody Haywood said not use the bomb then as the executive committee was about to meet. He said Pettibone suggested they kill Gregory about 4 o'clock the afternoon. He said they killed him before midnight simply because he was a detective. Haywood and Moyer didn't order the murder, he acknowledged

Boise, Idaho, June 8—Orchard's connection with the mine owners' detectives which was brought out in the cross examination yesterday is being followed up today The Haywood lawyers are pleased with the results of establishing by Orchard's own words that at the time he says he was the professional murderer and

dynamiter of the Western Federation he was taking money, and railroad passes from the corporation detectives and reporting to them Detective McPartland will follow Orchard on the stand Witnesses for the defense who are arriving assert that Orchard's story will be completely destroyed.

Boise, Idaho, June 8.—Strenuous effort was made by the defense in the Haywood trial to discredit Harry Orchard, the principal witness for the prosecution. They centered their assault on the events beginning with the explosion in the Vindicator mine and ending with the earlier meetings between the witness and the leaders of the Western Federation of Miners in Denver. To the extent that traffic with "the other side" in wars of labor and capital in Colorado, was discreditable, they succeeded in discrediting witness. INDIANA TOWN WAS WIPED OUT

[Associated Dailies Telegram]

Terre Haute Ind, June 8—York, a town forty miles from here was wiped out by a cyclone last night. Several lives were lost and a score injured. The known dead are:

Henry Rook

Frank Pinkston and wife.

Other bodies are in the ruins Fifty buildings were destroyed. Mrs Pinkston's body was found in the branches of a tall tree.

BLADE OF THE SPREADER HIT WES. M'CLEARY

Wesley McCleary a young man who lives in this city and is employed on the Pittsburgh railroad, was slightly injured about 8 o'clock Saturday morning He was at work near a "spreader" which levels the gravel at the side of the tracks, and was struck by the heavy blade.

The spreader is operated by air and the piston rod blew out, causing the ponderous thing to swing suddenly and catch McCleary. He was cut on the face and left hand. He was brought to this city on the engine and the railroad surgeon attended his wounds.

Murder and Robbery.

Melbourne, June 8.—Bernard Bauer, a member of a firm of diamond merchants of this city, was found in his office with a crushed skull and died in a few hours. A bag containing $50,000 worth of gems is missing.

CLOUD BURST KILLS THIRTY IN KENTUCKY

[Associated Dailies Telegram]

Louisville, Ky., June 8—Thirty lives were lost in a cloud burst which destroyed the village of Gradysville last night at midnight. Many bodies have been recovered many are known to be in debris. The town, which lies in the forks of two creeks was caught in the full sweep of the torrent which resulted from a cloud burst. Men, women and children were swept from their beds to death before they realized what had happened. Houses were swept away and many people narrowly escaped death Searching parties are working among the wreckage for dead. Some of the dead are:

Dr L. C Mell and three children

Hartfield Moss his wife mother and seven children.

Strong Hill, wife and family of five

John Moore and family

COSHOCTON MINERS REJOICE OVER END OF POMEROY STRIKE

Coshocton miners are rejoicing over the fact that the strike in the Pomeroy field was settled Friday the operators having agreed to sign the scale as prepared some time ago by the officers of the miners' organization and the scale committee It is a victory for the miners and is glad tidings to Coshocton because the miners here have been contributing to and the support of the strike, as it was costing from $2,000 to $2,500 per week. The state officers are therefore congratulating themselves on the termination of the contest

The miners got what they asked for after holding out for many weeks. The strike was ordered on January 16 and came to an end yesterday. State Vice President D. H. Sullivan, [illegible] has played a prominent [illegible] part of the strike [illegible] nearly all the [illegible] vital in bringing about the happy termination of the difficulty

As a last resort the corporation got out an injunction to restrain Mr Sullivan and about 40 others from remaining at certain places where they had been literally camping out and from where they had succeeded in removing a number of non-union men George Cecil president of subdistrict No. 2 who was on the ground a large part of the time was enjoined along with Mr. Sullivan

Much excitement prevailed in Pomeroy one week ago last Monday when Mr Sullivan stepped from the train and the sheriff served a summons on him. When they reached the courthouse Mr. Sullivan got up on the steps and made a speech to the big assemblage of people who had marched there. The injunction was granted but the settlement of the [illegible]

Colored Man Identified As Murderer

[Associated Dailies Telegram]

Columbus, June 8—Chief Police Mays of Pochatontas W. V. A. today identified H. D. Woods, colored, held here, as the man wanted for killing James Robinson at Pocahontas last December.

TREADWAY IS IN BAD AT COLUMBUS

Joseph F. Treadway of Columbus, formerly connected with the Vitona company of Coshocton, was arraigned before Judge Sater in the United States court at Columbus Friday on the charge of using the mails to advertise a cure for consumption. He pleaded not guilty and furnished bond in the sum of $1,000. His hearing is set for next Tuesday. Mr. Treadway's many friends in Coshocton feel sure that the offense was not committed with intent to violate the law.

COMMENCEMENT NOTABLE SUCESS

Pretty Picture Presented as Class of '07 Leaves School Days Behind And Faces The World

At the Sixth Street theatre Friday evening, with a curtain of yellow adorned with a huge daisy (the class flower) behind them, and a graceful semi-circle of palms and Ascension lillies in front of them, the class of 1907 received the diplomas which are the tangible sign of twelve years work faithfully and creditably done in the Coshocton schools. The theatre was well filled with the many friends and relatives of the young people and the twenty-eighth commencement of the Coshocton high school was a most auspicious one in every way. As Dr. Platt said in his well chosen remarks, it marked the close of the most successful year the schools have known; since his arrival in Coshocton and that alone is a gratifying thought.

The three young people selected to represent the class on this momentous occasion were Miss Nelle Elizabeth Dokkenwadel, Harold Lee Parrish and Miss Ione Eugenia Glass and exceedingly well did they all acquit themselves reflecting credit not only on themselves and their class but on the school itself whose training was largely responsible for the development displayed.

Air Castles.

Miss Dokkenwadel was the first of the trio to speak and her subject "Air Castles" was delightfully treated: she spoke of the wisdom of building air castles—people who do not dream of achievements for the future never accomplish anything for the good of the world—but added that to make the air castles worth while firm foundations must be put underneath them; every achievement in the world has an air castle behind it; every picture painted is seen first in the mind of the artist, every literary work is first a mental conception but there must be a ground work of determination to make the dream a reality. Miss Dokkenwaddle did not occupy much time but her delivery was good and what she had to say was well worth listening too

Life's Purpose.

Next Mr. Parrish spoke or "A Purpose in Life"; he dwelt specially on the fact that energy is worse than useless when it is directed to no purpose, that if no thought of future achievement is knit into the energy expended today, the energy is wasted. He said that it is want of purpose which distinguishes childhood from manhood; that success does not come at a bound but is the result of toil and being true to a high ideal and that every one must have a plan to bring him to the harbor of success. The theme was well developed and the manner of delivery was exceedingly good.

"Words"

Miss Glass was last of the trio delivering an exceptionally pleasing oration on "Words"; it was a subject different from those usually chosen at commencement time and was developed in a way which showed much originality of thought. She said that few people realize the power or beauty of the word, it may contain a whole sermon or poem in itself, it may bring in its train a wealth of happy memories. The mere word literature, for example, calls up happy hours spent with ones favorite authors, brings to one's mind the masterpieces of Shakespear, the beautiful poems of Scott and Longfellow. The oration closed with a beautiful eulogy to 'home and mother' and the speaker took her seat amidst a burst of applause.

The Honor Roll.

Next came a number by the Glee Club after which Dr. Platt rose to read the names of the honor pupils:

Miss Nell Dokkenwadel came first with an average of 91 4-10.

Miss Margaret Green, second, with an average of 91 2-10.

Miss Ione Glass, third, with an average of 91.

The superintendent spoke in complimentary way of the work of the three girls and in the course of his brief address took occasion to speak of the loss Mr. Ricker's resignation means to the Coshocton schols; he said that no praise could be too great to bestow upon Mr. Ricker for the work he has done during the years he has been here and the influence he has exerted upon the young people with whom he came in contact will always be invaluable to them: he said he could forgive the graduates if they forgot the algebra and geometry Mr. Ricker had taught them but not if they forgot the example he set them.

In closing his remarks Dr. Platt introduced Dr William Oxley Thompson, president of the Ohio State University who spoke on "The Significance of Education."

A Masterly Address

The address was a memorable event for all who had the pleasure of hearing it, delivered as it was by one of the foremost educators of the middle west a man of most attractive personality, whose very appearance gives force and importance to what he has to say. He said that the debt owed education is one which civilization can never pay for education makes possible the civilization in which we live declaring the statement to be not an academic one but a business proposition for it is the educated man who creates the demand in the markets of the world: educated people make persistent demand and persistance of demand makes a stable market.

The educated man wants an infinite number of things, he makes things multiply in every direction and it is permanent people with permanent wants which make permanent markets and permanent prosperity.

And after dealing in comprehensive manner with the fundamental economic principles Dr Thompson turned to the variety which education brings into life, he said that God is variety, primitive man monotony and that education makes for variety by developing the inborn talent in every man; then as soon as new ability is discovered a new market is created; the principle of "live and let live" is true but there is no competition among the really great people.

Man's Dominion

The idea of dominion was also brought out strongly and the statement made that "modern civilization is men's supremacy [illegible] the world."

that the world needs men and women of clear minds and true hearts. It wants men and women who know the joy of service and who realize that it behooves every man and every woman to play his or her part in creating a new heaven and a new earth.

Given Diplomas.

Dr. Thompson's address was enthusiastically received and after a selection by the Glee Club the diplomas were presented by Mr. R. C. Snyder, the audience was dismissed with the benediction pronounced by Rev. Eddy (who also made the invocation) and the class of 1907 was declared ready to take its part in the great work of the world.

The Glee Club

Mention of commencement is not complete however without speaking of the excellent work done by the high school Glee Club under the efficient direction of Mr. Ashley; the selections made for the program were unusually enjoyable embracing Donizetti's "With Song of Triumph," "The Soldier's Chorus" from "Faust," Strauss' "Away to the Woods" and "Blue Danube Waltz" and Eichberg's "To Thee, O Country." Miss Winifred Hanlon was the accompanist.

Powers of Boards of Review.

Columbus, O., June 8. — Attorney General Wade H. Ellis is going a make an effort to have the supreme court reopen the Toledo case, in which a decision was given Tuesday, limiting the powers of city boards of review in real estate appraisements. He has addressed a letter to the boards of review and the prosecuting attorneys of the counties affected, in which attention is called to the decision. A study of the syllabus indicates that the court has given boards of review power which was never claimed or asked for and has denied that which was sought.

CROPS, WEATHER, RAIN AND MARKETS

BY T. J. HANLEY

The weather has been a disappointment to all classes of people and business so far this season. There has been no sunshine nor warmth to create vegetation, and the weather continuing rainy and cold has especially retarded the growth of corn. [illegible] planting. However, [illegible] have time for a good crop of corn [illegible] with favorable weather [illegible] nearing very [illegible] frightened. Local corn market has advanced [illegible] from 45c to the price a few weeks ago to 55c present price, with some [illegible] of higher figures for large lots. Receipts of corn rather fair, while the demand has been exceedingly good. The indications are that the present price will be [illegible] maintained [illegible] with an undercurrent [illegible] in favor of higher prices.

Wheat.

The wheat situation has many of the old time buyers guessing as to what will be the outcome of the present excited and we might say abnormal condition of the market. The indications throughout the country have improved considerably the last few weeks and unless something serious now happens we are assured of a more than average crop. In addition to this we are very close to the harvesting period especially in the southwest. The visible supply is greater than the same time a year ago. Export demand is somewhat limited as our prices are now above European markets.

Murray's Price Current says about wheat:

"Taking the situation as a whole the development and improvement in winter wheat the last two weeks has been greater than was expected, and the condition and outlook now is better than a month ago in the central regions with the exception of Kansas."

Local markets are paying 90c for wheat; receipts lighter than when price was 70 cents.

Oats

While the most propitious weather has not prevailed for oats yet with a little sunshine we can have an average crop. The acreage is fully up to last year and looking fairly well. Local market 45c to 50c; receipts very light. While the price remains so high, many feeders are buying [illegible] [illegible] for [illegible] [illegible]

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

DID you read in the newspapers recently the telegram announcing that the Strauss-Miller Co. had secured a controlling interest in the **Imperial Sewing Machine?** Now we own the **"Imperial"** and we are going to sell it—not at the old price of $45, but at the people's price, the fair and honest net factory price of $19.85 on the liberal Coupon System.

Anybody, anywhere, who will sign the **Trial Order Coupon** printed above, attach a $2.00 bill to it and either mail it or bring it to this great bargain center can have the Imperial Sewing Machine shipped immediately on terms of **75 cents a week.**

Now here are some inside facts about the sewing machine business that will probably be news to you. The **basic patents** on sewing machines ran out several years ago. This relieved the manufacturers from paying enormous "royalties" to inventors. Consequently, a high-grade sewing machine that sold for $45 can now be sold for $19.85. To charge $45 for a sewing machine NOW is "highway robbery." Yet that's what others ask today for machines in no sense equal to the Imperial in easy running qualities, durability and up-to-date improvements.

Our **Imperial Sewing Machine** is as easy to run as it is to buy, and is built to last a lifetime. **We guarantee it for ten years.** It almost runs itself. It's a marvel of simplicity. Does all kinds of sewing. Handles light or heavy cloth with equal ease. Can't get out of order. Is perfectly adjusted. Has the latest improved ball-bearing running parts. The Cabinet is made of quarter-sawed dark golden-oak, handsomely carved and polished like a piano. Frame is made from indestructible ribbon steel. It is as fine a piece of workmanship as money and skill can produce.

Gain This Week In Close Race

Following is the standing of the working candidates in The Age's Jamestown tour independent of districts. This is the total vote up to Friday exclusive of today's vote:

Miss McCormick	26400
Miss Stanton	15956
Miss Bonham	10282
Miss Wheeler	8435
Miss McCartin	7771
Miss McShane	5508
Miss Keehn	4896
Miss Rahn	4418
Miss Wable	3920
Miss Standen	3270

Next comes the standing of the working candidates for the week, being the count including today's vote It will be observed that the names of new candidates are not appearing in these lists. They will be included next Saturday when they have had a better chance to make a showing

	Saturday	Today	Gain
Miss McCormick	13692	26403	12711
Miss Wheeler	10113	15015	5902
Miss Bonham	5613	10413	4800
Miss McCartin	4648	8442	3794
Miss McShane	2961	7853	4892
Miss Keehn	5427	5508	71
Miss Rahn	3503	5165	1662
Miss Wable	2207	4425	2218
Miss Standen	613	3920	3310
Miss Stanton	3048	5398	2550

Today's vote will be observed to be shifting the contestants about and, while the count is light, the count of Monday, which is always large is expected to make up for it.

One young lady, who is thought to have a pretty good number of votes stored carefully away, said to the contest editor Friday:

"I am willing to put in all of my votes if the others will and I really think it would be exciting and interesting because the contest is getting so far along now that there will not be much gained by keeping them back longer."

The young woman was told that in spite of persuasion the candidates seem to think otherwise although just who have votes "up their sleeves" and how many they have, cannot be learned.

Ladies, don't keep those big votes back for a rainy day. The weather is sufficiently rainy already to warrant a good vote of that kind of coupons. Even if you do vote now, the contest is so far along that there will be little probability of your being shut out by a "coupon shower" at the finish.

Watch the vote carefully each day, especially the total! Also, this department will contain an unusually interesting notice to the candidates within a very few days so be on the alert.

A Rock In The Baltic.

By ROBERT BARR.

Author of "The Triumphs of Eugene Valmont," "Tekla," "In the Midst of Alarms," "Speculations of John Steele," "The Victors," Etc.

Copyright, 1906, by Robert Barr. By Arrangement with The Authors and Newspapers Association of New York.

Continued from Yesterday.

"Not know about it? With a crew of men picked up here in New York and coming back to New York? Not know about it? Bless my soul, the papers would be full of it before your men were an hour on shore. In the first place, you'd never find the rock."

"Then what's the harm of going in search of it?" demanded his daughter. "Besides that, Johnson knows exactly where it is."

"Johnson, Johnson! You're surely not silly enough to believe Johnson's cock and bull story?"

"I believe every syllable he uttered. The man's face showed that he was speaking the truth."

"But, my dear Kate, you didn't see him at all, as I understand the yarn. He was here alone with you, was he not, Dorothy?"

Dorothy smiled sadly.

"I told Kate all about it and gave my own impression of the man's appearance."

"You are too sensible a girl to place any credit in what he said surely?"

"I did believe him nevertheless," replied Dorothy.

"Why, look you here. False in one thing, false in all. I'll just take a single point. He speaks of a spring sending water through the cells up there in the rock. Now, that is an impossibility. Wherever a spring exists, it comes from a source higher than itself."

"There are lots of springs up in the mountains," interrupted Katherine. "I know one on Mount Washington that is ten times as high as the Rock in the Baltic."

"Quite so, Katherine, quite so, but nevertheless there is a lake, subterraneous or above ground, which feeds your White Mountain spring, and such a lake must be situated higher than the spring is. Why, girl, you ought to study hydrometeorology as well as chemistry. Here is a rock jutting up in midocean"—

"It's in the Baltic, near the Russian coast," snapped Kate, "and I've no doubt there are mountains in Finland that contain the lake which feeds the spring."

"How far is that rock from the Finnish coast, then?"

"Two miles and a half," said Kate quick as an arrow speeding from a bow.

"Captain, we don't know how far it is from the coast," amended Dorothy.

"I'll never believe the thing exists at all."

"Why, yes it does, father. How can you speak like that? Don't you know Lieutenant Drummond fired at it?"

"How do you know it was the same rock?"

"Because the rock fired back at him. There can't be two like that in the Baltic."

"No, nor one either," said the captain, nearing the end of his patience.

"Captain Kempt," said Dorothy very soothingly, as if she desired to quell the rising storm, "you take the allegation about the spring of water to prove that Johnson was telling untruths. I expect him here within an hour, and I will arrange that you have an opportunity, privately, of cross examining him. I think when you see the man and listen to him you will believe. What makes me so sure that he is telling the truth is the fact that he mentioned the foreign vessel firing at this rock, which I knew to be true, and which he could not possibly have learned anything about."

"He might very well have learned all particulars from the papers, Dorothy. They were full enough of the subject at the time, and, remembering this, he thought to strengthen his story by"—

Katherine interrupted with great scorn.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

"101" RANCH IS AN EXPO. FEATURE

Norfolk, Va., June 8—The famous "101 ranch" direct from Bliss, Oklahoma, with an army of Indians, Mexicans, Cow Boys, Cow Girls, ponies, buffalos and all the other paraphernalia which has made that ranch the most celebrated in the world, has opened for the season at the Jamestown exposition.

When the members of the National Editorial association witnessed the performance in Oklahoma two years ago, they pronounced it the most original and interesting entertainment they had ever seen. Since that time many new features have been added and it now stands without a parallel as a typical representation of western life as it was and as it is.

All told there are about two hundred people who take an active part There are cowboys and rangers from Cow Skin Camp, Horse Shoe Bend, Dogie Camp, Bar L. Division, Mexico and Oklahoma, with cowgirls galore Sioux, Moki, Cheyenne, Ponco and Arapahoe Indians are there with their squaws and pappooses. All are riders of expertness, can throw the lariat with unerring skill and do not know what it is almost, to miss anything they shoot at, whether it is moving or at rest.

The program is full of interesting acts There is a broncho busting contest, horse breaking and trick riding, high school horse riding, Indian war dance and ghost dances, roping long horned steers chasing eight buffaloes, cowboy sports, throwing a steer without a rope by biting it in the nose after jumping upon its back from a horse running at full speed, lynching a horse thief and the ever thrilling stage coach attack and emigrant train capture.

The Ranch will be at Jamestown during the entire exposition and will be visited by The Age's part of four young ladies.

THE STAGE

Speaking of the vaudeville bill that appears tonight only at the Smith street, the Cambridge Jeff says:

Manager Hammond has provided another fine vaudeville bill at the Colonial this week and when the world went round, last evening, the houses were packed.

Starting with the clever Earle sisters in songs and dances, of various nationalities, in costumes; then introducing Mary Madden, the refined commedienne in her polite monologue in which she gives to the young ladies, and young gentlemen as well some pertinent advice on marriage courtship, etc. Making no pretense as a vocalist she does a very clever stunt in topical verse which elicits prolonged applause. All together she is delightful refining and novel in her turn.

The hit of the evening, however are the wonderful minstrel entertainers, the Frazee Bros. in tamborine spinning and clog dancing. They certainly are masters of these arts, and as an epilogue to the tamborine business keep no less than a dozen of these instruments spinning at once using both feet several perches and both hands in keeping the sheep skins" whirling. Their golden clog dance is as good as any seen on the Colonial stage by the best minstrel troupe traveling.

EDUCATION AND BUSINESS

Those who failed to hear the address by Dr William Oxley Thompson, president of Ohio State university, at the commencement exercises Friday evening, missed a wonderful opportunity to hear set forth the actual value of an education, as man to man. The usual idea that education is a fallacy was shattered and thrown to the winds and in straight forward convincing argument it was shown that education is one of the two underlying basic principles of civilization—needless to say the other is religion. Civilization is not responsible for education, but exactly the reverse is true. Education creates markets and thus commercial life itself depends upon education. Instead of education and schools being a necessary "burden" on a community as is often bewailed, the community and its prosperity would pass back into the monotone of savagery if it were not for education. It would have been well for every business man, every farmer, every taxpayer to have heard that address. Dr. Thompson is literally a whirlwind. His philosopy and logic was convincing and his thoughts blazed a new trail in many minds. It was a masterly address and the personal magnetism of the speaker carried his audience with him in breathless and consuming interest.

OBEY THE LAW

The telegraph dispatches tell of another railroad found guilty of rebating, under a score or so of indictments, and liable to a fine of $463,000. It sounds big, but is it unreasonable? If the road is guilty why should it not be fined? And what reason is there, if a road is guilty of having unlawfully granted tremendous sums to trusts that practically subsidized them, that they should not be fined the full extent of the law? There is no mincing matters in such a condition. If the law is to be enforced it should be enforced. "The way to proceed is to proceed"

THE POSTOFFICE AND RAILWAYS

Investigation of Their Relations Made by Federal Ferrets.

CONFERENCE AT CINCINNATI

Cincinnati, O., June 8.—By order of President Roosevelt an investigation is being conducted into the relations between the railroads and the postoffice department. Thirty-two postoffice inspectors, the shrewdest in the service of Uncle Sam, are at work on a case of alleged conspiracy of certain of the railroads with the postoffice department of the United States. Four of those inspectors were in Cincinnati Thursday. They held a conference with the postoffice inspector in charge, Mr. Holmes of Cincinnati, it is said What railroads are involved in the allegations is not stated.

The inquiry has been going on for months, in fact since last December. One postoffice division has charge of the disbursement of $90,000,000 annually and enough has been learned in the investigation to save the United States $2,000,000 a year. The money goes to all the sources of mail receipts, but the alleged conspiracy is said to have been with certain railroads. It is in connection with the payments for the handling of the mails.

LIFE

The poet's exclamation: "Oh Life! I feel thee bounding in my veins," is a joyous one. Persons that can rarely or never make it in honesty to themselves, are among the most unfortunate. They do not live, but exist: for to live, implies more than to be. To live is to be well and strong—to arise feeling equal to the ordinary duties of the day, and to retire not overcome by them—to feel life bounding in the veins. A medicine that has made thousands of people, men and women, well and strong, has accomplished a great work, bestowing the richest blessings and that medicine is Hood's Sarsaparilla The weak, run-down, or debilitated, from any cause, should not fail to take it. It builds up the whole system, changes existence into life and makes life more abounding. We are glad to say these words in its favor to the readers of our columns.

Steps to Knowledge

No woman is as good as she looks to know that is the first step towards the attainment of knowledge of the world. The next—to know that few men are so bad as they seem—Truth.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was thought incurable. For a great many years doctros pronounced it a local disease and prescribed local remedies, and by the constant failing to cure it pronanced it incurable. Science has proven catrrh to be a constitutional disease and requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. GOVERNORS OF OHIO

JOHN BROUGH—1864-1865.

John Brough was the last of the war governors of Ohio, being elected in 1864. Governor Brough was a great statesman, of broad views. His father was an Englishman, who came to America with Blennerhassett. He obtained his education in Athens college. At Marietta, his native town, while the war was at its height he declared that the act of rebellion destroyed the rights of the slaveholders. The Republican Union at once nominated him for governor. He was elected by the largest majority ever given to any candidate for governor in any state up to that time. He died in 1865 at Cleveland.

Revival Will Close Tomorrow

Three splendid services are planned for, at the Church of Christ tomorrow, to close the special revival services which have been such a grand success. At the morning service Evangelist Shelburne will speak especially to the members of the church. All members are urged to be present at this meeting.

At 3:00 in the afternoon there will be a service for both men and women and at this service a religious picture chart will be exhibited illustrating "The Way to Heaven". This chart is one of the finest in America and was painted by a Coshocton artist, Mr. A. Westerlind. It is 14 feet by 9 feet. It will pay anyone to visit the church for the purpose of seeing it.

The evening service will close the meeting. If you wish to get a good seat at this meeting come early. Those who have taken their stand for Christ in this meeting. There will be special music at each service.

Big Fortune Made In Copper Mines.

The way to make a fortune in copper is to do what all the rest of the thousands of investors are doing day and have done in the past—buy stock in a good copper mine at the GROUND FLOOR PRICE.

You could buy Granby today at $149.00 a share, and at that it would pay good interest on your money—but why not buy British-American—which will make another Granby—at 30c a share and profit by the advance?

The British-American mines should earn greater dividends than the Granby when they are as far along in development—why? Because our ore averages 7 per cent copper, theirs 2 per cent. Our capitalization is $5,000,000. theirs $15,000,000.

A few years ago this same Granby stock was being offered to investors, and at that time, no doubt, they were using the very same arguments as we are now, to induce people to supply funds for development. The Granby earned a 24 per cent dividend last year. It is the same old story.

After a few years a man wakes up and says, Oh! Why didn't I listen and buy that Granby when it was being offered for less than $1.00 a share!

The same wail comes from those who passed up Greene Consolidated at 30c a share. This mine has paid in dividends to January, 1907, $5,740,000.00.

The Old Dominion is paying $6.00 per share annually.

The Anaconda has paid up to 1907 in dividends nearly $34,000,000.00.

The Calumet & Arizona dividends foot up $7,716,599.00. And so the list goes. But all had to make a start just as we are doing.

Will you listen this time and send in your request for full particulars of this great copper property in British Columbia? NOW, TODAY. Or will you wait until next year when we are shipping ore, pay par, or more for your shares, and charge up another "lost opportunity" to your procrastination?

All I can do is to point the way to wealth—I can't force you to walk that road—that is up to you. Write me today, OUT OF CURIOSITY, and I will send you ample proofs that will interest you.

You can buy British-American Copper Mines and Smelter Company stock now at 30c per share and pay for it at the rate of 10 per cent down, 10 per cent monthly on balance for 10 months, if you wish, or you may pay all cash and deduct 2 per cent. No subscription for less than 100 shares.

Egg Baking Powder

Is FREE From Tartaric Acid or Alum

There are several brands of bad baking powder on the market. Look out for them!

Some kinds have Cream of Tartar in them. Others have Tartaric Acid or Alum. All of these substances are *corrosive poisons!*

Of course these bad baking powders do not contain enough dangerous ingredients to *kill* anyone — just enough to produce an *irritating effect* on the stomach and bowels.

Bad baking powder is one of the great causes of *dyspepsia* and *nervous troubles.*

You can protect yourself from all danger and insure better baking results than you ever had before, by using the famous Egg Baking Powder.

Egg Baking Powder is made from wheat phosphates and egg albumen. The wheat phosphates which form the acid ingredient have both food value and tonic properties. On the other hand the Cream of Tartar and Tartaric Acid of some high priced baking powder or the Alum of low-price brands has no food value at all.

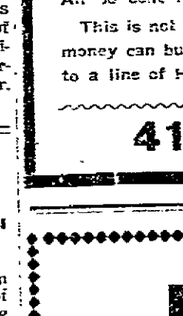

After heat and moisture have been added, as in baking, this acid forms strong *metal salts* which are highly *injurious.*

Don't allow a grocer to sell you a baking powder that breeds dyspepsia! If it is free from Cream of Tartar, Tartaric Acid or Alum, *the label will say so!*

Insist on pure, wholesome, Egg Baking Powder—*it's safe.* Not only *healthful*, but has wonderful *leavening power.* Insures best baking.

All good grocers sell "Egg." Send us a postal for free copy of *The Egg Cook Book.*

Missionary Meeting With Mrs. McCoy

Mexico and Alaska were the fields studied at the June meeting of the Womans' Missionary society of the Presbyterian church which was held Friday afternoon with Mrs. McCoy. Mrs. Fred Horn and Mrs. Cantwell lead the study for the afternoon with excellent papers. Miss Helen Agnew sang entrancingly. Mrs. Matilda Denman, Mrs. James R. Johnson and Mrs. Whiting gave interesting notes from the missionary sessions of the recent general assembly and Mrs. Olney related incidents of the recent Presbyterian Missionary meeting in Zanesville. The meeting was on the whole unusually pleasant and profitable and the July one will be with Mrs. Glover at Reservoir farm.

Important Session Of Missionary Society

The Womans Missionary society of the Roscoe M. E. church held an important session Friday afternoon with Mrs. Miller; the subject assigned for study was "Emmigrants in their New Homes" and after the devotional service had been conducted by Miss Hattie Finnel the following program was given: a reading by Mrs Rice on "Emmigration Tragedies"; paper by Mrs. Miller on "The Christian Church—a duty towards the Alien"; a duet by Mrs. Neptune and Mrs. McDonald; a reading by Mrs. Maughiman on "The Problems of Emmigration." In addition the regular election of officers was held with the following result.

President, Mrs. Miller

First vice president, Mrs. Maughiman

Second vice president, Mrs. Hack

Recording secretary, Mrs. Neptune

Corresponding secretary, Mrs. Akeroyd

Treasurer, Mrs. McDonald

At the close of the meeting refreshments were served by the hostess.

The next meeting will be a picnic held at Rev. Maughiman's home

Missionary Meeting With Mrs. Whittemore

The Womans Missionary society of the Baptist church held its June meeting Friday with Mrs. Whittemore at her home in Keene; about thirty drove up and after the bountiful chicken dinner had been served the program was taken up. The subject for the afternoon was Ohio Baptist State convention work and after the devotional service had been conducted by Mrs Wilhelm Mrs. Herbert Denman read a paper giving a history of the state convention. Mrs. Henry Robson described the work of the Church Edifice Department. Rev and Mrs. Eddy sang. Miss Lennon took up the work of the State Evangelists, a series of questions and answers of the State Work were read by a number of the ladies and Mr. Eddy had charge of the prayer list. After adjournment a number of pictures of the company were taken and the drive home enjoyed in the late afternoon.

Class Thirty-Two Entertained Friday

The girls of class thirty-two of the Baptist Sunday school were entertained Friday evening by the teacher, Mrs. Mullen, at her home on Third street. Refreshments were served and the time passed quite pleasantly. The next meeting will be with Miss Edith Burrell.

The Graduating Class

The above excellent picture of the Class of '07 is repeated today from Wednesday's issue and contains a splendid likeness of every young man and woman who received a diploma last night except Lee Williams, of the class of '06 whose diploma was presented him this year. The class is an unusually bright and intelligent looking lot of young people. They are thoroughly alive and their friends are confident they each and every one will grasp opportunity as it comes, by the forelock. The members were:

Top row (left to right) Margaret Green, Ione Glass, Don Porter, Helen Brooks, Harry Parrish, Margaret Agnew, Clair Glenn.

Bottom row (left to right) Nellie Dockenwaddle, Anne Anderson, Mary Selby, Lucy Merrell, Faith Shannon, Wilma Clarke, Georgia Williams. The honor pupils are Miss Dockkenwaddle 91.4; Miss Green 91.2, Miss Glass 91—excellent averages for a four years' course.

Girls Fulfill Suicide Compact.

Cleveland, O., June 8.—As a result of taking rat poison with suicidal intent, Marguerite Curtis, 11, and her sister Helen, 10, are dead. Grief caused by the death of their mother a year ago was assigned by the children as the basis of a pact to end their lives. The two children lived with their grandparents and the elder girl was unconscious when the two were found in the cellar of their home. Marguerite died after several hours of suffering. Helen also died soon after Marguerite had passed away.

YOUNG WOMAN

Commits Suicide by Taking Chloroform and Carbolic Acid.

Kansas City, June 8. — Miss Lillian Davis, 21, believed to be a member of a prominent family at Princeton, Mo., committed suicide at the Wellington hotel here by taking chloroform and carbolic acid. Miss Davis registered at the hotel a few days ago and shortly afterward notified the management that she had no money and applied for work to pay her bill. She was employed, but was not capable, it being evident that she had never worked before. It is not known why she committed suicide. Her father's name is John W. Davis.

STATE S. S. MEETING AT MANSFIELD

The eyes of the Sunday school workers are turned towards Mansfield where the great annual state Sunday school convention will be held on Tuesday, Wednesday and Thursday, June 25, 26 and 27.

The program is one of unusual strength. Dr H M Hamill, of Nashville Tenn, whom Dr [illegible] has pronounced America's greatest teacher, will deliver several addresses. Mrs Hamill, a noted primary teacher and convention worker, will deal with the problems of the little people. Prof Edward P. St. John, of Hartford, Conn., the most famous lecturer in the world on Child Study and Religious Pedagogy, will deliver a series of several lectures on his chosen theme of specialization. President James A B Scherer, LL. D., of Newberry college, South Carolina a wonderful platform speaker, will lecture on "Japan and America" and will tell the story of the Rome Convention.

A special feature of the convention will be two auxiliary sessions in the German-language to accomodate the German-speaking Sunday school constituency. This is the first time any state convention has arranged a program in two languages.

A special institute for primary workers will be conducted in another building on the afternoon of the second and third days.

The music of the convention will be in charge of Prof. E. O. Excell who is acknowledged to be America's greatest conductor of convention music.

For programs and particulars apply to Dr. Joseph Clark, general secretary, 70 Ruggery Bldg., Columbus, Ohio.

OHIO NEWS

Injuries Proved Fatal.

Elyria, O, June 8.—Margaret Butler, 16, whose legs were crushed off in the wreck on the Cleveland & Southwestern electric line here on Decoration day, is dead, making eight fatalities as a result of the collision. It is thought the remainder of the injured, six in number, will recover. Motorman Frauendiener, who is charged with being responsible for the wreck, is out on $5,000 bail.

Gave Himself Up.

Cincinnati, O., June 8—Stanley Davis of Newport, Ky., who stabbed and killed Herman Bruns during a quarrel that followed the scattering of "Japanese snuff" in a saloon where both men were, surrendered to the police. Davis claims self defense.

Vorys In Washington.

Columbus, O., June 8.—A. L. Vorys, state superintendent of insurance and chairman of the Taft campaign committee in Ohio, left for Washington and New York. Mr. Vorys will meet with the committee of the National Association of Insurance Superintendents appointed to prepare blanks for reports of insurance companies to the various state departments next Monday. He will spend Saturday in Washington as the guest of Secretary of War Taft. It is said that the conference may determine whether the scope of the Ohio committee will be expanded into that of a national movement to promote the candidacy of Mr. Taft for the Republican presidential nomination.

Appoint Legislative Committee.

Cincinnati, O., June 8.—The appointment of a legislative committee with instructions to guard the interests of the confectioners in congress and the state legislatures, was decided on by the annual convention of the National Confectioners' association. On the recommendation of the "committee of seven," the chief committee of the association, this action was taken in order to assist in pure food legislation. This is a totally new branch of activity for the association

One Dollar Damages.

Columbus, O, June 8.—A jury in the federal court here gave a judgment for $1 damage to Meyer Feldon, a business man of Jackson, O., against Adam Mayer, a banker of Phillipsburg, Pa., for alleged slander. Meyer sued for $10,000. He alleged in his petition that Mayer had made statements reflecting upon his honesty.

Ellis On Willis Tax.

Columbus, O., June 8. — Attorney General Wade H. Ellis, in an opinion given to Secretary of State C. A. Thompson, holds that Ohio corporations must pay the Willis law tax of one-tenth of one per cent on the amount of capital stock subscribed, regardless of the amount issued.

Perished In the Fire.

Bellaire, O, June 8.—The residence of Hiram Michaels, 50, a cigarmaker, was destroyed by fire, and the charred remains of the owner, who lived alone, were found in the ruins later. It is suspected that he may have been killed and the house fired to cover the crime.

Captain John P. Spohn, a man of God, will conduct three days special meetings at the Salvation Army hall on the evenings of Monday, Tuesday and Wednesday, June 10 11 and 12. The captain has charge of the Army work in the city of Columbus and is a successful soul winner. He is full of fire and zeal and keeps the meetings full of interest. He is also an exceptional singer having a full rich bass voice. Capt. Charles Trew urges the public to attend these meetings as he is sure they will prove of much benefit. Special meetings will also be held at the Army hall all day tomorrow, in which Mrs. Wm. Trew of Uniontown, Penn. will take a prominent part.

FREE TO YOU—MY SISTER

[illegible] I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from women's ailments. I want to tell all women about this cure — you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or Whitish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex. I want to send you a complete ten days' treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always result from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten days' treatment is yours, also the book. Write today, as you may not see this offer again. Address

A SQUARE DEAL

Is assured you when you buy one of Dr. Pierce's Family Medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formula are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native, medicinal roots found growing in our American forests. While potent to cure they are perfectly harmless even to the most delicate women and children.

Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine of proper strength. This agent possesses intrinsic medicinal properties of its own, being a most valuable anti-septic and anti-ferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, "heartburn," foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific **for all diseases of the mucous membranes,** as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sages Catarrh Remedy. This thorough course of treatment generally cures even in the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate hang-on, or chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

If the sweet taste of the "Discovery," caused by the glycerine, is disliked, a few drops of lemon juice, orange or lime juice, added to each dose will make it agreeable and pleasant and will not in the slightest interfere with its benefical effects.

It's an insult to your intelligence for a dealer to endeavor to palm off upon you some nostrum of *unknown composition* in place of Dr. Pierce's world-famed medicines which are OF KNOWN COMPOSITION. Most dealers recommend Dr. Pierce's medicines because they know what they are made of and that the ingredients employed are among the most valuable that a medicine for like purposes can be made of. The same is true of leading physicians who do not hesitate to recommend them, since they know exactly what they contain and that their ingredients are the very best known to medical science for the cure of the several diseases for which these medicines are recommended.

With tricky dealers it is different.

Something else that pays them a little greater profit will be urged upon you as "just as good," or even better. You can hardly afford to [illegible] composition and without any particular [illegible] medicines which are OF KNOWN [illegible]

Pennsylvania's Announcement.

Columbus, O., June 8.—The Pennsylvania lines filed with the state railroad commission their car service rules, complying with the recent ruling of the commission, and announcing that they will apply to interstate traffic as well as to traffic within the state. The rules filed by all the other roads in Ohio are only for intrastate traffic, the old rules being applied to interstate traffic. The railroads claimed that the state commission could not make car service rules applicable to state and interstate traffic.

To Purchase Grant's Birthplace.

Batavia, O., June 8. — "Home-coming" in Clermont county this fall will be held the week beginning Monday, Sept. 30. IMMUNITY BATH FOR HARRIMAN

His Testimony Saves Him From Criminal Prosecution.

WHITE HOUSE CONFERENCE

President Roosevelt, Members of the Cabinet and Interstate Commerce Commissioners Discuss the Alton Deal, the Harvester Trust and Other Cases—The Conclusions Reached.

Washington, June 8. — President Roosevelt, members of the cabinet and Interstate Commerce Commissioners Lane and Knapp and Frank B. Kellogg, special counsel for the government, were in conference at the White House. The subject of trust prosecutions was under consideration. Features of the Harriman railroad merger case, the charges relating to the coal carrying railroads, the so-called "Harvester trust," etc., were on the program for consideration. The purpose was to formulate definite plans preliminary to the president's departure on his summer vacation.

Much of the conference was given to the Harriman-Alton deal. Every phase of that transaction was thoroughly gone over and discussion was participated in more especially by the president, Mr. Kellogg, Attorney General Bonaparte, Commissioners Knapp and Lane. The conclusion was promptly reached that however damaging the evidence might be against Mr. Harriman the testimony he had given in the interstate commerce investigation had given him complete immunity from criminal prosecution.

It was the decision of the conference that the prosecution of bituminous carrying railroads should be left in the hands of the attorney general, and that the prosecution of the anthracite coal roads should begin in Philadelphia, probably next week.

Secretary Loeb issued this statement: "The conference was held for the purpose of affording ample discussion concerning the matters which have been under investigation by the interstate commerce commission. The interstate commerce commission has not formulated its report and its decision will be purely preliminary. After a report has been made the attorney general will carefully consider it."

Franco-Japanese Treaty.

Washington, June 8. — The text of the Franco-Japanese treaty is a subject of some conjecture in diplomatic circles in Washington. Those who are most familiar with its purpose regard it as differing decidedly from a compact between allies. It is designed, it is said, to embody the fundamental idea of stability and dependence on adjusting all questions in the far east through diplomacy. There is nothing in the treaty which would conflict with the policy of the United States in opposition to an alliance. With these impressions of the treaty prevailing here, the announcement of its text is awaited with interest.

Larceny the Charge.

New York, June 8. — August Dohm, for many years confidential bookkeeper for S. Bauman & Bros., furniture dealers, was arrested and held in $10,000 bail on a charge of larceny. An attorney representing the firm said he would be prepared when Dohm is arraigned Monday, to prove that the prisoner stole more than $20,000 between Feb. 1 and May 1. Matilda French, a former cashier for Bauman & Bros., was also arrested, but later discharged after she had convinced the police that she had no connection with the case.

Wreck On the Wabash.

Washington, Pa., June 8—Two were killed and eleven injured in a wreck on the Wabash railroad, a mile east of Hickory, near here, when the Toledo express, westbound, crashed into a coal train, telescoping the smoker and a Pullman car. The flagman of the coal train, who is said to be responsible for letting the passenger train in on the siding, disappeared. The dead: Frank Blanco and Anthony Schlume, miners of Avella, who were in the smoker.

Confederate Veteran Sentenced.

Macon, Ga., June 8.—Thomas Battle, 72, a Confederate veteran, was sentenced to life imprisonment in the federal prison at Atlanta, Ga., for the murder of D. M. Berry, he having been declared guilty by a jury in the United States court. The crime was committed in the new postoffice building in course of construction here, and brought the case under the jurisdiction of the federal court. A motion for a new trial has been made.

Atlantic Fleet the Winner.

Washington, June 8—Splendid progress in target shooting with the big guns of the navy is recorded in the general order promulgated by Secretary Metcalf, giving the standing of the respective fleets, squadron, divisions and vessels for 1907 The Atlantic fleet, which was the winner, scored 59.346 per cent against 59.241 for the Pacific fleet.

Naval Vessel Disabled.

Washington, June 8 — The commander-in-chief of the Atlantic fleet has reported to the navy department by wireless that the torpedo boat destroyer Hopkins broke her propeller strut off Hog island light, and is now in tow of the Whipple bound for the Norfolk navy yard, where she will be docked as soon as possible. Although the vessel is leaking the pumps are holding their own. Tugs have been sent from the Norfolk navy yard. The Hopkins [illegible] of four [illegible] Cape [illegible]

Haywood Trial

Continued from Page One.

with Scott he had met K. C. Sterling, a detective in the employ of the Mine Owners' association, and that Scott had paid his expenses and accompanied him to Denver on the trip when he first met Moyer and Haywood. He said that he had agreed to report to Scott, but that he was lying to him, never intending to make reports to him and never did make reports. The defense also tried to show that because he stood in with the other side Orchard was not molested by the militia in Cripple Creek. Orchard admitted that Scott had told him that if the militia interfered with him he was to send for him and that the militia never did interfere with him or search his house. He said he went to Scott first because he had not been paid for his work at the Vindicator mine and was jealous because he was given hard work like the Vindicator job while other men got the simple task of train wrecking by displacing a rail.

More crimes, great and small, were added to Orchard's record. The Cripple Creek woman, with whom he committed bigamy, had three sons; Orchard stole high grade ore from a messmate; he stole two cases of powder from the Vindicator mine; he stole powder to make one of the bombs thrown into the Vindicator coal pile, and he told a lie. Defense endeavored in various ways to throw doubt and improbability around the whole Vindicator story, the alleged connection of W. F. Davis and William Easterly with the affair and the circumstances under which Orchard met Moyer and Haywood and was paid for his crime They tried also to discredit Orchard's assertion that he was sent back to Cripple Creek with unlimited credit and orders to commit any act of violence that he cared to. They confronted Orchard with Easterly and Owney Barnes and paved the way for the contradiction by them of the story told by Orchard and several times during the day paved the way for the controvertion of material points.

The defense took up the trip Orchard made to southern Colorado with Moyer early in 1904 and showed that Moyer feared to go south unguarded because "mine owners' official thugs" had beaten up innocent union men. Orchard said that he and Moyer agreed to carry sawed shotguns and sit in the center of the car so that if they were attacked they could defend themselves. Counsel flared up several times during the cross examination, and in the last passage at arms Prosecutor Hawley said that Richardson told a falsehood when he intimated that Orchard was a "fixed" witness.

Wife of Orchard.

Cripple Creek, Colo., June 8—Mrs. Ida Toney, whom Harry Orchard married in Cripple Creek, is on her way to Boise to appear as a witness for the defense. According to friends, Mrs. Toney will swear that at the time she married Orchard he asserted he was a Pinkerton detective and that Orchard's home was never searched by the militia, although he was considered to be a strike leader and all the surrounding houses were searched.

Struck by Cyclone.

Duquoin, Ill., June 8—This city experienced the worst storm that has visited Perry county in years. The cyclone wrought damage to residence property and one church will run into thousands of dollars. It swept over the residence section in the north part of the city, uprooting trees, lifting the roofs from the houses and in many cases carrying houses off their foundations. A number of injuries are reported.

Duma's Life Threatened.

St. Petersburg June 8—The critical moment in the life of the duma has arrived and Premier Stolypin and the Constitutional Democrats are fighting to save the young parliament. The battle within the cabinet between Stolypin's backers and the reactionaries is proceeding vigorously, and each faction is maneuvering for support at Peterhof. No decision has yet been reached, but the latest indications are that the premier is winning.

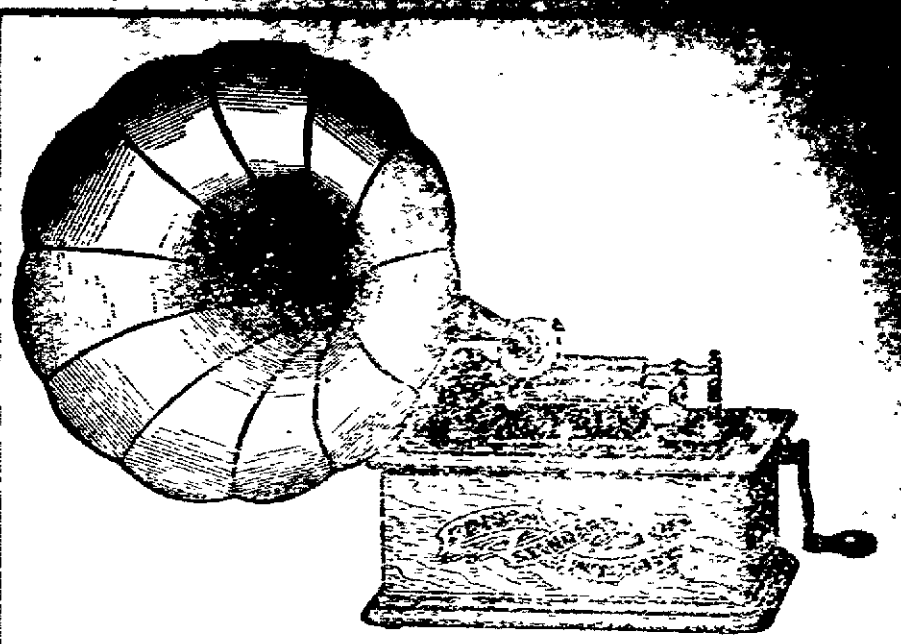

The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients — Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections, which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. [illegible]

Gems from Keene

Rev Shock gave a splendid address on The Sunday School and Young People at Keene Wednesday

He said in part that 87 per cent of the young people were brought into the church between the ages of 1 to 20 years as compared with 13 per cent after the age of 20 years.

At the evening session Rev. Shook gave an excellent address on Sunday school Evangelism and urged that each Sunday school send a delegate to the county convention to be held at the Union church June 11 and 12

Kidney Troubles Attack Coshocton Men and Women, Old and Young Alike.

Kidney ills seize young and old alike—
Quickly come and little warning give,
Children sufferer in their early years—
Can't control the kidney secretions.
Girls are languid, nervous, suffer pain.
Women worry, can't do daily work
Robust men have lame and aching backs.
Old folks, weak, rheumatic, lame,
Endure distressing urinary ills.
The cure for man, for woman, or for child
Is to cure the cause—the kidneys,
Doan's Kidney Pills cure sick kidneys—
Cure all the varied forms of kidney suffering.
Coshocton testimony guarantees every box.

Mrs. Thomas Guinther, of 122 West Walnut street, Coshocton, Ohio, says: "My son had kidney disease and was cured by the use of Doan's Kidney Pills. At first we did not know what was the cause of his ill health but he was examined by a doctor who said his kidneys were disordered. As Doan's Kidney Pills were highly recommended for the trouble got him a box at Siegrist & William's drug store and by the time he had used it his condition was so much better, that he immediately got another. He used in all four boxes of Doan's Kidney Pills and is now entirely free from the disease."

BODY CLEANING EVERY SPRING MORE URGENT THAN HOUSE CLEANING.

Many Women Have Discovered That a Course of Treatment With Pe-ru-na Cleanses the System of the Accumulations of Winter.

Health and Complexion, Strength and Beauty Depend Upon Clean Blood and Good Digestion.

MRS. ALICE BRADLEY.

Mrs. Alice Bradley, Thorold, Ont., Can., writes:

"Two years ago I became *weak and rundown* and as time passed I gradually failed until a year ago, when I experienced a stroke of *paralysis*, which affected one side and I was helpless.

"I called in professional medical treatment, but steadily grew worse.

"I had decided I never would rise again from my bed, but, when Peruna was brought to me and after having taken four bottles of it, I was able to be out and a wonder to myself and friends.

"I consider Peruna a great blessing to the afflicted. I may add that my daughter has also used Peruna and has been blessed with *renewed health*. I believe Peruna saved our lives."

MRS. DANIEL PASSMORE.

Mrs. Daniel Passmore, Welland, Ontario, Can., writes: "For three years I was severely afflicted with *stomach trouble*, and for days at a time I could not eat anything. I grew thin in flesh, had headaches and was the picture of despair.

"I was attended by three doctors, but got no good results.

"Finally I began the use of Peruna. I soon noticed an improvement and after using three bottles, I was able to relish a meal, in fact, could eat anything.

"To-day I feel *well and strong*. I consider that Peruna has saved my life and I shall always praise it."

Clean Up Once a Year.

CLEANING up the body in the spring is a duty everyone owes to himself. Face powders may hide a rough skin, but Peruna helps to produce a skin that need not be hidden.

The source of good blood is good digestion. Peruna aids digestion.

Those people who have regular bodily functions have a clear and delicate skin. Peruna helps to restore these functions.

Most skin deformities depend upon systemic derangements, which cannot be corrected by local treatments.

Peruna is a systemic remedy, reorganizing and regulating the whole body.

Mrs. N. P. Lawler, 423½ N. Broadway, Pittsburg, Kas., writes:

"*Last spring* I caught a severe cold which developed into a *serious case of catarrh*. I felt weak and sick and could neither eat nor sleep well.

"A member of our club, who had been cured of catarrh *through the use of Peruna*, advised me to try it and I did so at once.

"I expected help, but nothing like the *wonderful change for the better* I observed almost as soon as I started taking it.

"In three days I felt much better, and within a week I was well.

"I continued taking the entire bottle and within two weeks I was in fine health."

"Peruna is a wonderful medicine."

Mr. Lee King, R. F. D. No. 4, Farmersville, Tex., writes.

"My health has been better generally this spring and summer than it has been for four years and I have worked nearly every day.

"I suffered with dysentery and bowel trouble.

"Your remedy also cured my wife of constipation.

"I wish you continued success with your great medicine, Peruna."

SUPREME CT. TO UNTANGLE IT

A supreme court decision this week has an important bearing on the assessments for the sewer improvement on Hamilton and Wilson avenues in this city It affects the assessment to be placed on the Lorenz property at the corner of Wilson and Hamilton The supreme court held that where a lot faces on one street and extends along another street the amount of actual frontage shall govern for both streets. For instance if a lot faces 60 feet on one street and extends 80 feet along another street the lot shall be assessed for 60 feet on both streets
